Section I – General

A. Introduction

The Keystone Innovation Zone Tax Credit Program is a key component of the Keystone Innovation Zone (KIZ) Program. The KIZ Program, established in 2003, creates designated geographic zones to foster innovation and create entrepreneurial opportunities by aligning the combined resources of educational institutions and the private sector. For-profit business entities 1) located within the geographic boundaries of a particular KIZ, 2) in operation less than 8 years, 3) operating within one of the targeted industry segments (or sectors) identified by the KIZ partnership 4) and meeting other requirements as specified by the Department of Community & Economic Development (DCED) maybe qualified KIZ Companies and eligible to participate in the KIZ Tax Credit Program. KIZ Tax Credits can be used to offset certain state tax liabilities. With a total pool of up to \$25 million in tax credits available to KIZ Companies annually, the KIZ Tax Credit Program significantly contributes to the ability of young KIZ companies to transition through the stages of growth. This innovative program also provides for a tradability component crucial to young companies that do not yet have a tax liability.

B. Award Calculation

A KIZ Company may claim a tax credit equal to 50% of the increase in that KIZ Company's gross revenues in the immediately preceding taxable year that is attributable to its targeted industry activities in the KIZ, over the KIZ Company's gross revenues in the second preceding taxable year attributable to its targeted industry activities in the KIZ. A tax credit for a KIZ Company shall not exceed \$100,000 annually. For the purposes of the KIZ Tax Credit Program, the term "gross revenues" are revenues derived from the sale of goods and services from activities in a targeted industry, and from operations transacted within the KIZ. Gross revenues may include grants received by the KIZ Company from any source whatsoever (i.e., KIZ, SBIR/STTR, NIH, DOD, etc.). All other forms of income shall not be included in gross revenues.

- For example, ABC Co. operates entirely in a KIZ and its entire operations are within a targeted industry segment for that KIZ. In year 1, ABC Co.'s gross revenue resulting from activities within the KIZ amounts to \$40,000. In year 2, ABC Co.'s business grows, and their gross revenues from activities within the KIZ amount to \$60,000. In year 3, ABC Co. may apply for a KIZ tax credit of \$10,000 (50% of the \$20,000 increase in gross revenue from year 1 to year 2).

If in year 3, ABC Co.'s gross revenues grow to \$500,000 from activities within the KIZ, the company would be eligible to apply for a maximum KIZ tax credit of \$100,000 in year 4. Their increase from year 2 (\$60,000) to year 3 (\$500,000) is \$440,000; however, 50% of the increase in gross revenues (\$220,000) exceeds the \$100,000 maximum allowable tax credit.

The DCED will adhere to the Commonwealth's Keystone Principals for Growth, Investment and Resource Conservation when awarding KIZ Tax Credits. The total of all KIZ Tax Credits awarded in any given year shall not exceed \$25 million. If the total amount of tax credits approved for any single year is less than \$25 million, the unused portion does not carry over to future years. If the total amount of tax credits approved for any one year exceeds \$25 million, the tax credit for each approved applicant shall be determined as follows:

- Divide each application approved for tax credits for the year by the total of all approved tax credits that year and multiply the quotient by \$25 million to determine the amount of tax credits allocated to each company.

C. Applying for an Award

A for-profit business entity that qualifies as a KIZ Company may file an application with the DCED by September 15 of each year. The application must contain the forms provided in this document (Appendix A and B), as well as final, signed copies of the two prior years' Pennsylvania tax returns (including the first page of the applicant's Federal return) submitted by the applicant to the Pennsylvania Department of Revenue. Applicants must verify that they have been or are actively working with the KIZ Coordinator and/or the KIZ partners of the applied-for KIZ.

DCED will determine if all of the required conditions have been met and, if so, a tax credit certificate based on the award calculations outlined in Section B will be awarded no later than December 15 of each year. Appendix D of these guidelines provides a flow chart detailing the tax credit award process.

D. Sale or Use of Tax Credits

A tax credit approved in accordance with these guidelines must first be applied against the KIZ Company's own tax liability under Articles III (Personal Income Tax), IV (Corporate Net Income Tax), or VI (Capital Stock and Franchise Tax) of the Pennsylvania Tax Reform Code of 1971, for the taxable year during which the tax credit is approved.

A KIZ Company may not carry back or obtain a refund of an unused KIZ Tax Credit or any part of that credit. If the KIZ Company's tax liability is less than the amount of the KIZ Tax Credit, the company may:

1. Carry forward the unused portion of the tax credit for a period not to exceed four additional taxable years (five years total) and use the tax credit to offset an eligible tax liability at some point during those years; or
2. Apply to DCED for approval for the sale, including the transfer or assignment of all or a portion of the approved, unused tax credit to an identified buyer. The KIZ Tax Credit Award Certificate must accompany the KIZ Tax Credit Sale Application.

The application form to apply to DCED for approval to sell the KIZ Tax Credit is included as Appendix C in these guidelines. The buyer must be identified in the application for the sale of the KIZ Tax Credits submitted by the KIZ Company. Use separate applications if tax credits issued on different dates are to be sold or credits from a single award are to be sold to multiple buyers. Sale applications may only be submitted after receipt of the KIZ Tax Credit Award Certification.

If a KIZ Company has a tax liability for the tax year in which the KIZ Tax Credit is approved, that approved KIZ Tax Credit must be used against that tax liability. However, in any subsequent year during the lifetime of the unused KIZ Tax Credit, the KIZ Company is not required to use the tax credit from a previous year for the current year's tax liabilities and may sell the tax credit. When the KIZ Company submits an application to sell the KIZ Tax Credit, the company may no longer use that tax credit to offset an eligible tax liability unless the application for the sale is denied by DCED or the application is withdrawn via a written request on company letterhead to DCED by the KIZ Company. A flow chart detailing the KIZ Tax Credit Sale process is located in Appendix E of these guidelines.

E. Tax Credits Awarded to Pennsylvania S Corporations

If the KIZ Company is a Pennsylvania S Corporation, and does not have an eligible tax liability against which the KIZ Tax Credit may be applied, the S Corporation may reassign its KIZ Tax Credits in one of the following ways:

1. The S Corporation may sell its KIZ Tax Credits, or
2. The S Corporation may pass through the KIZ Tax Credits to its shareholder(s). A shareholder of the S Corporation is entitled to a tax credit equal to the product of:
 - a. The unused amount of the KIZ Tax Credit, and
 - b. The percentage of the Pennsylvania S Corporation's distributive income to which the shareholder is entitled.

Since S Corporation shareholders are entitled to a pass-through of unused tax credits, all of its shareholders must agree to a sale of the tax credits. Shareholders must complete Section II of Appendix C and consent to forgo his/her respective share of the pass-through credit. If any shareholder does not consent, that shareholder's portion of the KIZ Tax Credit will not be available for sale.

To pass-through an S Corporation's KIZ Tax Credit, Section II of Appendix C must be completed and submitted to DCED. A pass-through will not occur automatically if an S Corporation does not have an eligible tax liability to which the tax credits may be applied.

Passed-through tax credits for the S Corporation shareholder are in addition to any tax credit to which the shareholder is otherwise entitled. The corporation may not apply to sell or reassign any KIZ Tax Credit being used by a shareholder to offset the shareholder's tax liability.

F. Sale/Pass-Through Approval Process

DCED and the Pennsylvania Department of Revenue strive to complete the approval process in 60 days or less. However, delinquent tax filings, outstanding tax liabilities, and other compliance issues - such as but not limited to submitting an incomplete application, requesting to sell more tax credits than are in fact available for sale, or providing inaccurate account identification numbers - will delay the approval process.

A completed tax return must be filed with the Pennsylvania Department of Revenue for the period in which the credit was awarded before the credit is either passed-through (to Pennsylvania S Corporation shareholders only), carried forward, sold or assigned. A copy of this final, signed tax return must be included with the sales application. In addition, the sale or assignment of the restricted tax credit will not be approved if the seller has any unpaid state taxes. Therefore, for clearance to sell tax credits, a seller must have filed all state tax returns due as of the date the seller's records are reviewed by the Pennsylvania Department of Revenue. If the seller has non-filed returns or unpaid liabilities, the sale will be denied.

G. Sale/Pass-Through Application Amendments

To amend information (e.g. amount of credits to be sold, sales price, facilitator commission, account identification number, etc.) contained on the original application submitted to DCED, a written request on company letterhead outlining the required amendments and signed (photocopies or electronic signatures not accepted) by the corporate officer, general partner or limited liability company member who signed the original sales application must be submitted to DCED. (Note: if the signer of the original application is no longer affiliated with the company, then the signature of another corporate officer, general partner or limited liability company member that has authority to bind the applicant is acceptable.) Amendments must be mailed to the address listed in Section I below. Amending an application will delay the approval process.

H. Buyer or Assignee

The buyer or assignee must claim the full amount of the purchased KIZ Tax Credit against certain enumerated tax liabilities in the taxable year in which DCED approves the application for the sale. The approval date of the sale is the later of the date of application, the filing date of the seller's tax return with Department of Revenue for the year the credit was awarded or the date the seller becomes compliant. The buyer or assignee of a KIZ Tax Credit may use that tax credit against any tax liability under Articles III (Personal Income Tax), IV (Corporate Net Income Tax), VI (Capital Stock and Franchise Tax), VII (Bank Shares Tax and Trust Companies Share Tax), VIII (Title Insurance Tax), IX (Insurance Premiums Tax), or XV (Mutual Thrift Tax) of the Pennsylvania Tax Reform Code of 1971.

Any portion of the tax credit not used by the buyer or assignee in the year of the purchase may not be used in any other tax year. The amount of the purchased tax credit **may not be used to offset more than 75%** of the buyer's or assignee's tax liability in that year. The buyer or assignee may not carry-over, carry back, obtain a refund of, or assign the KIZ Tax Credit. KIZ Tax Credits may be sold or assigned one time after the original KIZ Company applies the KIZ Tax Credit to any of their eligible tax liabilities in the year of the tax credit award. Transfer of KIZ Tax Credits will be closely coordinated between DCED and the Pennsylvania Department of Revenue. Once a KIZ tax Credit Sales / Assignment Application has been approved and the transfer completed it can not be in whole or in part reversed or amended, nor can it be assigned to or shared with, the buyer's / assignee's business partner(s) or family member(s).

I. Submitting an Application

Prospective applicants must submit their application in hard copy via postal mail on the forms included in these guidelines. Completed applications, including the original signature of a corporate officer, general partner or limited liability company member that has authority to bind the applicant KIZ Company (no photocopies or electronic signatures will be accepted) and all required attachments, are to be submitted to:

PA Department of Community & Economic Development
Technology Investment Office

SECTION II

Attach a certification from the KIZ Coordinator (Appendix B) stating that the KIZ Company is located within the geographic boundaries of the KIZ, that the applicant company operates within a targeted industry segment of the KIZ, identifying the targeted industry segment, and stating that the company has been in operation less than 8 years.

SECTION III

The KIZ Company's gross revenues attributable to target industry activities within the KIZ shall be calculated by using the following formula.

For the comparable and base year tax periods used in arriving at the KIZ Tax Credit for a Keystone Innovation Zone Company (applicant), the gross revenue of the applicant shall be apportioned to the KIZ by multiplying the applicant's Pennsylvania gross revenues by a fraction, the numerator of which is the property factor plus the payroll factor and the denominator of which is two, in accordance with the following:

- (1) The property factor is a fraction, the numerator of which is the average value of the applicant's real and tangible personal property owned or rented and used in the KIZ during the tax period and the denominator of which is the average value of all the applicant's real and tangible personal property owned or rented and used in this Commonwealth during the tax period.
 - (i) To determine the property factor refer to 61 Pa. Code Sec.153.28.
- (2) The payroll factor is a fraction, the numerator of which is the total amount paid in the KIZ during the tax period by the applicant for compensation and the denominator of which is the total compensation paid in this Commonwealth during the tax period.
 - (i) Compensation is paid in the KIZ if:
 - a. the person's service is performed entirely within the KIZ; or
 - b. the person's service is performed both within and without the KIZ, but the service performed without the KIZ is incidental to the person's service within the KIZ.

AWARD APPLICATION

Section III – Definitions

Agent/Facilitator – Some person, business, or organization acting to facilitate the completion of the award or sale of KIZ Tax Credits.

Assignee/Buyer – Taxpayer that is purchasing the KIZ Tax Credit from the KIZ Company originally awarded the tax credits to be sold, transferred or assigned.

Assignor/Seller – KIZ Company to which the KIZ Tax Credits were originally issued or approved, and which may be applying to sell, transfer or assign those credits.

Attributable to target industry activities in the KIZ – Business operations within a targeted industry which are physically conducted within the geographical boundaries of the KIZ.

Certificate – Letter signed by the Secretary of DCED alerting the KIZ Company of its KIZ Tax Credit application approval and award amount

Base Tax Year – The tax year prior to the Comparable Tax Year.

Comparable Tax Year – The tax year prior to the current calendar year.

Company Operation Begin Date – Corporations incorporated in PA are considered operating on the date of their incorporation. Companies incorporated outside PA but working in PA are determined to be operating beginning the date of the fiscal period in which the Certificate of Authority was issued by the Department of State or the date PA activity began, whichever date is earlier. All corporations are required to file annual tax returns with Pennsylvania’s Department of Revenue even though no business activity was conducted during the taxable year.

DCED – The Pennsylvania Department of Community and Economic Development.

Gross Revenues – For the purposes of the KIZ Tax Credit Program, gross revenues are defined as revenue derived from the sale of goods and services from activities in a targeted industry and from operations transacted within the KIZ. Gross revenues may also include grants received by the KIZ Company from any source whatsoever (i.e., KIZ, SBIR/STTR, NIH, DOD, etc.). All other forms of income shall not be included in gross revenues..

Industry Sector/Targeted Industry – An industry specifically identified for entrepreneurial development (e.g. information technology, life sciences, advanced materials, finance/service sectors, advanced manufacturing, agricultural, nanotechnology, etc.) in the KIZ’s application for designation to the Ben Franklin Technology Development Authority.

KIZ Company – A for-profit business entity which is all of the following:

1. located within the defined geography of a particular KIZ,
2. has been in operation for less than 8 years and,
3. falls within one of the targeted industry segments (or sectors) identified by the KIZ partnership, and
4. meeting other requirements as specified by the DCED.
