STATE OF THE COUNTY

This year marks the fifth year The Lancaster Chamber – along with its partners the Lancaster County Community Foundation, County of Lancaster, United Way of Lancaster County and LNP Media Group – has been monitoring and measuring the level of prosperity in Lancaster County through the Prosperity Indicators initiative.

At the 2016 State of the County, we will be taking a five-year comprehensive look at the six broad dimensions of prosperity including Community & Culture, Economic Engine, Education, Health & Safety, Physical Environment and the Well Being of People. New elements and enhancements to the Indicators project will also be unveiled.

The cost to attend is \$32 for members; \$60 for non-members. To register, visit lancasterchamber.com then "Calendar of Events" or call Paige Schober at 717.397.3531.
