Chamber Ambassadors are an extension of the Lancaster Chamber and an integral part of membership engagement and connection. Ambassadors are volunteers who on behalf of the Lancaster Chamber, partner with Chamber Member businesses and organizations, by building relationships and providing support. **We would like to introduce you to our Chamber Ambassador, Ken Wu from Bank of Bird-in-Hand.**

- **How many Years have you been an Ambassador?** 5 years
- **Why do you serve as an Ambassador?** I enjoy the community outreach and the different benefits the chamber provides.
- **When I am not at work, I am...** enjoying the outdoors and the diverse culture the county provides.
- **Why are you a Member of the Chamber?** I enjoy the way the chamber connects different organizations, industries, and people together.

MESSAGE FROM Your Membership Team

The Rising Cost of Doing Business

Let's face it...the cost of doing business continues to move in the wrong direction. The myriad of challenges facing companies, including rising inflation, energy costs, supply chain issues, and hiring difficulties are all contributors to a bottom line that has been increasing over the past couple of years. This the reality of our current business environment.

As your organization focuses on ways to save money, I encourage you to explore and participate in our upcoming BizCorp, Bottom Line Savings programs this month. These virtual programs will provide a market update from industry experts, as well as details on how you can save on your electricity, natural gas, and business insurance spends. Our Energy Supplier Program is on February 10th from 10:00-10:30am. Business Insurance will be the focus on February 13th from 10:00am-10:30am, and our partners for our Natural Gas program will be presenting on February 27th, also from 10:00am-10:30am. You can register for all these programs on our website, www.lancasterchamber.com.

The Chamber exists to support our members and the business community and is hopeful that you will take advantage of these types of resources, that can help you save money on your bottom line.
