## WOMEN IN BUSINESS

Women in Business (WIB) connects, cultivates, and celebrates women across Lancaster County by providing the community, with strategies, and resources needed to navigate challenges and achieve success in the workplace.

We also encourage professionals who consider themselves allies of women in the workplace to attend to attend our programs and learn how to best support female colleagues.

### Mission Pillars

**CONNECT:** We believe in the power of connectivity. Relationship-building with other women outside of the workplace is an integral aspect of all Women in Business programming. We're committed to creating a community of supportive women in Lancaster County.

**CULTIVATE:** Our stories are dynamic and transformative. Through Women in Business programming, such as Lattes and Leadership and our quarterly Women's Roundtable, you can hear from other women on lessons in leadership and learn practical strategies to take your skills and career to the next level.

**CELEBRATE:** We strive to elevate women in our communities and celebrate the rich diversity, resiliency, and experiences of our female peers. Together we will honor their impact, amplify their voices, and continue striving for equality and empowerment.
